

**STATE OF UTAH**  
**DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSING**

**APPLICATION FOR LICENSURE**  
**PROFESSIONAL ENGINEER**

DOPL-AP-046 REV 03/26/2004

**APPLICATION INSTRUCTIONS AND INFORMATION**

**General Statement:** The Division desires to provide courteous and timely service to all applicants for licensure. To maximize its efficiency and level of service, the Division will process complete applications only. **A complete application includes all applicable supporting documents and fees.** The fees are for processing your application and will not be refunded. Failure to complete the application and supply all necessary information will delay processing and may result in denial of licensure. Please read all instructions carefully.

**Address of Record:** The address listed on the application will be your address of record. All correspondence from the Division will be sent to that address. It is your responsibility to directly notify the Division of any change in address.

**Social Security Number:** Your social security number is classified as a private record pursuant to Title 63, Chapter 2, Utah Government Records Access and Management Act (GRAMA). It is used as an individual identifier for our licensing database and for purposes of the child support enforcement pursuant to Subsection 78-32-17(3) and is mandatory pursuant to Subsection 58-1-301(1), Utah Code Ann., which implements the requirements of 42 U.S.C. 666(a)(13). An application that does not include a social security number is incomplete and cannot be processed.

**SUPPORTING DOCUMENTS AND FEES:**

**If you are applying for licensure as a professional engineer, complete each of the following in addition to submitting a completed application:**

1. Submit official transcript(s) or other appropriate records documenting completion of an approved engineering education program.
2. Submit a "Verification of Experience" form (attached to this application) documenting your qualifying experience.
3. Submit a "Request for Verification of License" form (attached to this application) documenting your passing score(s) on the NCEES FE and PE examinations, if you passed the NCEES FE and/or PE examinations in a state other than Utah. Request that the verifying state(s) complete the form(s) and mail or fax them directly to

the Division or return them to you for submission with your application.

4. Submit the original score report from the Engineering and Land Surveying Examination Services (ELSES) documenting your passing score(s) on the NCEES FE and PE examinations, if you passed the NCEES FE and/or PE examinations in Utah.
5. Submit a completed take-home “Utah Professional Engineer Law and Rules Examination” (pages 9 and 10 of this application).
6. Submit a **\$110.00** non-refundable application-processing fee, made payable to “DOPL.”

**If you are applying for licensure as a professional engineer by endorsement, complete each of the following in addition to submitting a completed application:**

1. Submit an “Endorsement Verification of Experience” form (attached to this application) documenting practice as a licensed principal in responsible charge for 5 of the last 7 years.
2. Submit a “Request for Verification of License” form (attached to this application) documenting the following:
  - ☐ licensure for 5 of the last 7 years to fulfill the education requirement
  - ☐ licensure for 5 of the last 7 years to fulfill the NCEES FE examination requirement
  - ☐ licensure for the past 20 years to fulfill the NCEES PE examination requirement

Request that the verifying state(s) complete the form(s) and mail or fax them directly to the Division or return them to you for submission with your application.

3. Submit a completed take-home “Utah Professional Engineer Law and Rules Examination” (pages 9 and 10 of this application).
4. Submit a **\$110.00** non-refundable application-processing fee, made payable to “DOPL.”

#### **ADDITIONAL IMPORTANT INFORMATION:**

1. **Comity or Interstate Licensing:** Each state has authority or jurisdiction over professional engineers working in that state. The applicant is responsible for knowing the licensing qualifications and laws that apply to the profession for each state in which he/she expects to provide engineering services.
2. **Utah Law and Rules Examination:** Enclosed with this application is the take-home Utah Professional Engineer Law and Rules Examination. Return the completed examination with your application for licensure. Do not submit it separately. The following laws and rules are available on the Internet at [www.dopl.utah.gov](http://www.dopl.utah.gov). You may also purchase the laws and rules for a fee from Experior, 5486 South 1900 West,

Suite C, Taylorsville, Utah 84118, (801) 355-5009.

- ☐ Division of Occupational and Professional Licensing Act
  - ☐ General Rules of the Division of Occupational and Professional Licensing
  - ☐ Professional Engineers and Professional Land Surveyors Licensing Act
  - ☐ Professional Engineers and Professional Land Surveyors Licensing Act Rules.
3. **Current Documents:** Applications, statutes and rules may change from time to time. If you have not recently obtained any of these documents, you may want to contact the Division or visit our Internet site to verify that you have current versions.
4. **Approved Engineering Education Programs are defined in R156-22-201 and include the following:**
- ☐ Engineering education program accredited by EAC/ABET.
  - ☐ Engineering education program accredited by CEAB.
  - ☐ If your MS or PhD engineering education program was not accredited by EAC/ABET OR CEAB, refer to R156-22-201(2) of the Professional Engineers and Professional Land Surveyors Licensing Act Rules to determine if your engineering education program will meet the education requirement for licensure.
  - ☐ A letter from the Utah Department of Transportation certifying completion of the Transportation Engineering Technology and Fundamental Engineering College Program.
  - ☐ If your engineering degree was earned in a foreign country, please see #5 below.
5. **Foreign Educated Engineers:** If your engineering education program was completed in a foreign country, contact Engineering Credentials Evaluation International (ECEI) at [www.ecei.org](http://www.ecei.org) to have your foreign engineering education program evaluated to determine equivalency to an EAC/ABET accredited engineering education program. Request ECEI to submit the original copy of the foreign engineering education evaluation program report to ELSEES when you apply to take the FE or PE examination.
6. **Verification of Licensure:** You may use either the Utah “Request for Verification of License” form attached to this application, or you may use the form provided by the state board providing the verification. The verification must include the following information:
- ☐ Licensure status, including original and expiration date licensure
  - ☐ Passing scores on the NCEES FE and PE examinations
7. **Qualifying Experience:** You must document 4 years of qualifying experience. In order for your experience to be accepted, it must be verified by one or more licensed professional engineers who supervised your work or who have personal knowledge of your knowledge, ability, and competence to practice professional engineering. Request the professional engineer(s) providing verification of your experience to submit the “Verification of Experience” form to you for submission with your license application.

**IMPORTANT NOTE:** The Verification of Experience form will not be accepted without the stamp/seal of the verifying professional engineer and original signature and date of the verifying professional engineer written across the face of the seal.

**OR**

If you are currently licensed in another state and have been licensed for two or more years in a recognized jurisdiction, submit the “Request for Verification of License” form. Request that the verifying state(s) complete the form(s) and mail or fax them directly to the Division or return them to you for submission with your application.

8. **Licensure by Endorsement - Practice as a Licensed Principal in Responsible Charge for 5 of the Last 7 Years in a Recognized Jurisdiction:** If you are currently licensed, but have not met all the education and/or examination requirements for licensure as a professional engineer, you may still qualify for licensure by endorsement by documenting your practice as a licensed principal in responsible charge for 5 of the last 7 years in another state. Your experience must be verified and sealed by one or more licensed professional engineers who have personal knowledge of your knowledge, ability, and competence to practice professional engineering. Request the professional engineer(s) providing the verification of your experience to return the “Verification of Experience” form to you for submission with your license application.

You must also submit a “Request for Verification of License” form documenting:

- a. Licensure as an engineer for 5 of the last 7 years to fulfill the education requirement.
- b. Licensure as an engineer for 5 of the last 7 years to fulfill the FE examination requirement.
- c. Licensure as an engineer for 5 of the last 7 years and a total of 20 years licensed in a recognized jurisdiction to fulfill the PE examination requirement.

**IMPORTANT NOTE:** The Verification of Experience form will not be accepted without the stamp/seal of the verifying professional engineer and original signature and date of the verifying professional engineer written across the face of the seal.

9. **Requirements to Take the NCEES “FE” and “PE” Examinations:** If you are enrolled in or have graduated from an EAC/ABET or TAC/ABET engineering education program, apply directly to ELSSES to register for the FE Examination and pay the examination fee. Refer to the Pre-Approval Application for the PE Examination or apply at [www.els-examreg.org/utah.php](http://www.els-examreg.org/utah.php) for detailed examination registration information.
10. **Exam Schedules:** NCEES examinations are given in April and October of each year. Refer to the ELSSES website at [www.els-examreg.org/utah.php](http://www.els-examreg.org/utah.php) for all examination registration deadlines and examination dates.

Note: Persons retaking the exam must contact ELSEES directly to register for the exam. You DO NOT need to contact the Division to retake the exam.

11. **Examination Taken Prior to May 1, 2002:** If you took the examination prior to May 1, 2002, and you did not pass, you must submit the Pre-Approval Application for Examination.
12. **Examination Study Guides:** To obtain NCEES examination study guides, contact NCEES at (864) 654-6824, (800) 250-3196, or [www.ncees.org](http://www.ncees.org).
13. **Examination Fees:** There are separate fees for all examinations. It is the responsibility of the applicant to submit the fees directly to the testing agency.
14. **NCEES Council Record:** If you are currently licensed, the Division will accept the NCEES Council Record to document education, passing scores on the NCEES FE and PE examinations, verification(s) of licensure, and experience.

However, if you are applying by endorsement, the Division will not accept the NCEES Council Record to document your experience as a licensed principal for 5 of the last 7 years.

To obtain an NCEES Council Record, contact NCEES at (864) 654-6824, (800) 250-3196, or [www.ncees.org](http://www.ncees.org).

15. **Transcripts:** The Division will accept official transcripts released to the applicant. Internet transcripts are not accepted. Include the transcripts with the application. Do not send the transcripts under separate cover.
16. **Structural Engineer versus Professional Engineer:** A professional engineer is not permitted to advertise or use the title “Structural Engineer” unless licensed as a structural engineer. There are no restrictions as to the size or complexity of a building or structure that a structural engineer or professional engineer designs – other than the individual’s ability and competence to practice within the scope of his/her education and training. Applications for licensure as a structural engineer are available on the Division’s website at [www.dopl.utah.gov](http://www.dopl.utah.gov).
17. **Seal Design:** The specifications for the seal are found in R156-22-701 of the Professional Engineers and Professional Land Surveyors Licensing Act Rules.
18. **License Number:** For official records, correspondence, and use of the seal, you may use the first 6 or 7 digits of the license number located on your license.

19. **License Renewal:** All professional engineer licenses expire on December 31 of each even-numbered year.

Unlike many other states, Utah's license renewal schedule **is not** based on the licensee's date of initial licensure. Under Utah's renewal system, all licenses in each profession expire as a group on the same day every two years. Therefore, the length of a licensee's first renewal cycle depends on how far into the current renewal cycle initial licensure was obtained. Each renewal cycle thereafter is for a full two years.

Additionally, the fee paid with this application for licensure is an application processing fee only. It does not include a renewal fee. Each licensee is responsible to renew licensure **PRIOR** to the expiration date shown on the license. Renewal information is disseminated to each licensee at the licensee's last known address, as provided to the Division, approximately two months prior to the expiration date shown on the license.

20. **Continuing Education:** Licensed professional engineers are required to complete 24 hours of approved continuing professional education in each two-year renewal cycle, ending on December 31 of each even-numbered year.
21. **Temporary Licenses:** Not issued.
22. **Updating Address Information:** It is a licensee's responsibility to maintain a current address with the Division. If your address is incorrect, you will not receive renewal notices or other correspondence.
23. **Name Change:** If you have been licensed by the Division under any other name, please submit documentation of your name change (marriage license, divorce decree, etc.).
24. **Mail Complete Application To:**

**By U.S. Mail**

Division of Occupational & Professional Licensing  
P.O. Box 146741  
Salt Lake City, Utah 84114-6741

**By Delivery or Express Mail**

Division of Occupational & Professional Licensing  
160 East 300 South, 1<sup>st</sup> Floor Lobby

Phone Number(s): \_\_\_\_\_

Phone Number(s): \_\_\_\_\_

\_\_\_\_\_ I have practiced as a licensed principal for 5 of the last 7 years in a recognized jurisdiction to waive the required NCEES Fundamental of Engineering Examination.

\_\_\_\_\_ I have practiced as a licensed principal for 5 of the last 7 years in a recognized jurisdiction and have 20 years of licensed practice as an engineer to waive the required NCEES Principles and Practice of Engineering Examination.

# UTAH PROFESSIONAL ENGINEER LAW AND RULES EXAMINATION

The references listed after each question have been provided to assist you in selecting your response. The examination is not intended to be difficult. The purpose of the test is to bring to your attention specific practice issues that you need to know in order to avoid violating Utah law and rule.

Answer “**true**” or “**false**” for each statement. Do not leave any statement blank.

1.     \_\_\_\_\_     A licensed professional engineer may perform architectural work incidental to the practice of professional engineering. [58-22-102(9)]
2.     \_\_\_\_\_     A licensed architect is exempt from licensure as a professional engineer while performing architectural acts or incidental engineering or structural engineering practices that do not exceed the scope of the education and training of the architect performing engineering or structural engineering. [58-22-305(1)(c)]
3.     \_\_\_\_\_     A licensed professional engineer may design a building which has human occupancy or habitation as its principal purpose, and includes the structural, mechanical and electrical systems, utility services, and other facilities required for the building. [58-22-102(2) and (9)]
4.     \_\_\_\_\_     When submitting a final set of plans and specifications for a building or structure, the final set of plans normally includes floor plans; elevations; site plans; foundations, structural and framing detail; electrical, mechanical and plumbing design; information required by the energy code; specifications and related calculations as appropriate; and all other documents required to obtain a building permit. [58-22-102(3) and 603(1)]
5.     \_\_\_\_\_     A professional engineer licensed in a state other than Utah is not permitted to engage in professional engineering services in Utah without first being licensed in Utah, unless exempted from licensure. [58-22-501(2) and 58-22-305]
6.     \_\_\_\_\_     A professional engineer licensed in a state other than Utah is permitted to offer to render professional engineering services in Utah without being licensed in Utah to the extent the engineer complies with the requirements set forth in 58-22-305(1)(a).
7.     \_\_\_\_\_     A person preparing a plan and specification for a one, two, three, or four-family residence not exceeding two stories in height is not required to be a licensed professional engineer. [58-22-305(1)(b)]

*(Questions continue on following page.)*

8. \_\_\_\_\_ A licensed professional engineer may affix his/her seal to a plan, specification, and report only when in accordance with 58-22-603.
9. \_\_\_\_\_ An organization engaged in the practice of professional engineering is exempt from licensure, provided that the organization employs a Utah licensed engineer who is in responsible charge of the professional engineering services provided by that organization, and all other persons employed by the organization, who engage in professional engineering are licensed or exempt from licensure. [58-22-102(7) and 58-22-305(1)(g)]
10. \_\_\_\_\_ A licensed professional engineer who affixes his/her seal to a plan and a specification in violation of 58-22-603, is subject to administration action up to and including revocation of license. [58-1-501(2) and 58-1-401(2)]
11. \_\_\_\_\_ Any final plan and specification and report prepared by, or under the supervision of the licensed engineer, shall bear the seal of the engineer, when submitted to a client, when filed with public authorities, or when submitted to a building official for the purpose of obtaining a building permit, even if the practice is exempt from licensure under Section 58-22-305. [58-22-602(2)]
12. \_\_\_\_\_ A licensed professional engineer may affix his/her seal to a plan, specification, or report prepared by other licensed architects and licensed professional engineers, provided the licensed professional engineer affixing the seal performs a thorough review of all work for compliance with all applicable laws and rules and standards of the profession, and makes any necessary corrections before submitting the final plan, specification or report to a client or to a building official. [58-22-603(1)(c)]
13. \_\_\_\_\_ A licensed professional engineer may affix his/her seal to a plan, specification or report prepared by persons exempt from licensure as an architect or engineer, provided the licensed professional engineer affixing the seal performs a thorough review of all work for compliance with all applicable laws and rules and standards of the profession, and makes any necessary corrections before submitting the final plan, specification, or report to a client or to a building official. [58-22-603(1)(e)]

# PROFESSIONAL ENGINEER QUALIFYING QUESTIONNAIRE

Answer “yes” or “no” for each question. Do not leave any question blank.

1. \_\_\_\_\_ Have you ever applied for or received a license, certificate, permit, or registration to practice in a regulated profession under any name other than the name listed on this application?
2. \_\_\_\_\_ Have you ever been denied the right to sit for a licensure examination?
3. \_\_\_\_\_ Have you ever had a license, certificate, permit, or registration to practice a regulated profession denied, conditioned, curtailed, limited, restricted, suspended, revoked, reprimanded, or disciplined in any way?
4. \_\_\_\_\_ Have you ever been permitted to resign or surrender your license, certificate, permit, or registration to practice in a regulated profession while under investigation or while action was pending against you by any profession licensing agency or criminal or administrative jurisdiction?
5. \_\_\_\_\_ Are you currently under investigation or is any disciplinary action pending against you now by any licensing agency?
6. \_\_\_\_\_ Is any action pending against you now by either the Federal Drug Enforcement Administration or any state drug enforcement agency?
7. \_\_\_\_\_ If you are licensed in the occupation/profession for which you are applying, would you pose a direct threat to yourself, to your patients or clients, or to the public health, safety, or welfare because of any circumstance or condition?
8. \_\_\_\_\_ Have you ever been declared by any court of competent jurisdiction incompetent by reason of mental defect or disease and not restored?
9. \_\_\_\_\_ Have you ever been terminated from a position because of drug use or abuse?
10. \_\_\_\_\_ Are you currently using or have you recently (within 90 days) used any drugs (including recreational drugs) without a valid prescription, the possession or distribution of which is unlawful under the Utah Controlled Substances Act or other applicable state or federal law?

*(Questions continue on following page.)*

11. \_\_\_\_\_ Have you ever used any drugs without a valid prescription, the possession or distribution of which is unlawful under the Utah Controlled Substances Act or other applicable state or federal law, for which you have not successfully completed or are not now participating in a supervised drug rehabilitation program, or for which you have not otherwise been successfully rehabilitated?
12. \_\_\_\_\_ Have you ever had a documented case in which you were involved as the abuser in any incident of verbal, physical, mental, or sexual abuse?
13. \_\_\_\_\_ Have you ever been **arrested for or charged with** a misdemeanor in any jurisdiction? Motor vehicle offenses such as driving while impaired or intoxicated must be disclosed but minor traffic offenses such as parking or speeding violations need not be listed.
14. \_\_\_\_\_ Have you ever been **arrested for or charged with** a felony in any jurisdiction?
15. \_\_\_\_\_ Have you ever pled guilty to, no contest to, or been convicted of a misdemeanor in any jurisdiction? Motor vehicle offenses such as driving while impaired or intoxicated must be disclosed but minor traffic offenses such as parking or speeding violations need not be listed.
16. \_\_\_\_\_ Have you ever pled guilty to, no contest to, or been convicted of a felony in any jurisdiction?
17. \_\_\_\_\_ Have you ever been allowed to plea guilty or no contest to any criminal charge that was later dismissed (i.e. plea in abeyance or deferred sentence)?
18. \_\_\_\_\_ Have you ever been incarcerated for any reason in any federal, state, or county correctional facility or in any correctional facility in any other jurisdiction?

**If you answered “yes” to questions 13, 14, 15, 16, 17, or 18 above, you must include with your application a copy of the police report, court docket, any probation/parole officer report, and a narrative of the circumstances that occurred for EACH and EVERY arrest and/or conviction.**

**If you are unable to obtain any of the records required above, you must submit documentation on official letterhead from the police department and/or court indicating that the information is no longer available.**

---

**If you answered “yes” to any of the above questions, enclose with this application complete information with respect to all circumstances and the final result, if such has been reached.**

**A “yes” answer does not necessarily mean you will not be granted a license; however, the Division may request additional documentation if the information submitted is insufficient.**

# **AFFIDAVIT and RELEASE AUTHORIZATION**

I am the applicant described and identified in this application for licensure, certification, or registration in the State of Utah.

I am qualified in all respects for the license, certificate, or registration for which I am applying in this application.

To the best of my knowledge, the information contained in the application and its supporting document(s) is free of fraud, misrepresentation, or omission of material fact.

To the best of my knowledge, the information contained in the application and its supporting document(s) is truthful, correct, and complete; and, discloses all material facts regarding the applicant and associated individuals necessary to properly evaluate the applicant's qualifications for licensure.

I will ensure that any information subsequently submitted to the Division in conjunction with this application or its supporting documents meet the same standard as set forth above.

I understand that it is unlawful and punishable as a class A misdemeanor to apply for or obtain a license or to otherwise deal with the Division or a licensing board through the use of fraud, forgery, or intentional deception, misrepresentation, misstatement, or omission.

I understand that this application will be classified as a public record and will be available for inspection by the public, except with regard to the release of information which is classified as controlled, private, or protected under the Government Records Access and Management Act or restricted by other law.

I authorize all persons, institutions, organizations, schools, governmental agencies, employers, references, or any others not specifically included in the preceding characterization, which are set forth directly or by reference in this application, to release to the Division of Occupational and Professional Licensing, State of Utah, any files, records, or information of any type reasonably required for the Division to properly evaluate my qualifications for licensure/certification/registration by the State of Utah.
